About

Visvesvaraya Technological University

VTU stands as one of India's most prominent Technological Universities, boasting a rich 24-year legacy of excellence in Engineering, Technical Education, Research, and Innovations. Established in 1998, its primary mission was to address the growing demand of Indian industries for skilled technical professionals equipped with both practical expertise and solid theoretical foundations.

Over the years, the University has remarkably accomplished the formidable feat of unifying previously affiliated colleges from diverse Universities, each characterized by distinct syllabi, procedures, and traditions. This consolidation has brought together a diverse array of institutions under a single banner, fostering greater cohesion and uniformity.

The university is currently having 182 affiliated colleges, 1 constituent college and 25 Autonomous colleges with undergraduate programs in 37 disciplines, PG programs in 96 disciplines and Ph.D. & M.sc(Engg.) research programs with 7 faculty, over 3 lakhs Engineering Students study in the various institutes affiliated to the University.
